

BIMBO

MANUFACTURER: Blå Station | DESIGNER: Peter Brandt

A stackable stool or a small, movable table - Bimbo does it all. With a cutout handle on top, the lightweight stool is effortless to transport. The quick, swift solution for the edgy conference room or classroom, Bimbo provides that extra, always-needed seat. The stool cleans up neatly after the meeting by artfully interlocking, stacking seven stools tall. Bimbo is made from compressed molded ash, oak, or walnut veneer and comes standard with plastic glides.

Bimbo is eco-friendly. For sustainability certifications, refer to the [product page](#).
