

BOBBY

MANUFACTURER: Blå Station | DESIGNER: Bernstrand & Borselius

The upholstered modular seating system is extremely versatile and equally playful. Bobby's solid plywood frame and molded foam seat are designed to service the realistic demands of the workplace. Snapped together with powerful magnets, Bobby connects to its counterpart ottoman to create a unique sofa system. Easily pulled apart, Bobby can become a handsome standalone chair when needed.

Bobby is eco-friendly. For sustainability certifications, refer to the [product page](#).
