

# BUCKET

MANUFACTURER: Blå Station | DESIGNER: Bernstrand & Borselius

The luxurious coffee table commands attention. With a thick tempered smoked glass top and tubular steel cylinder base, Bucket is a functional work of art. The striking design draws attention to its stylized tabletop center. Bucket's intriguing steel middle rises through the glass top to become an ideal place to keep a vase of fresh flowers, serve drinks, display decor, or store plants. An optional leather round insert, wood veneer cap, or matching steel cap to cover center storage is available.
