

# CONVEX

**MANUFACTURER:** Nordgröna | **DESIGNER:** Joris Oudendijk, Oscar Pressfeldt, and Sander Oudendijk

With its geometric shape and organic surface, Convex is an acoustical moss tile that transforms nature into functional wall art. True to its name, Convex tiles round outward to add dimension and visual interest. The moss tile's inherently beautiful design absorbs sound, reduces noise, and is fire-resistant. Convex comes in four shapes - circle, square, squircle, or hexagon - and three different sizes. The handpicked moss within Convex is maintenance-free and available in 15 colorways. Convex has an NRC 1.0 (ASTM C423-17) acoustic rating and a Class A (ASTM-E 84) fire rating.
