

CREST

MANUFACTURER: Materia | DESIGNER: Mattias Stenberg

The upholstered panels paired with padded cushions lend Crest its tailored look of luxury. The die-cast aluminum and tubular steel frame provide clean lines and a modern build. Crest's cushions have polyester wadding and polyurethane foam padding to provide comfort and shape retention. The upholstered panels (inside and outside) and cushions (back and seat) allow for contrasting upholstery. Modules include an armchair, 2-seater, 3-seater, bench, and oak or ash veneer corner table. All items can stand alone or link to create sofa systems. Linking device needed when connecting two modules.

Crest is eco-friendly. For sustainability certifications, refer to the [product page](#).
