

# DUNDER [doon-dER]

MANUFACTURER: Blå Station | DESIGNER: Stefan Borselius

Dunder is a comfortable and versatile modular sofa system. The cozy modules do not lack in design. With matching or contrasting button details, the system adds style to comfort. The modules are a dream place to sit and ponder with no-sag springs to maintain form and molded foam padding for a soft landing. The system incorporates five modules - left, center, right, corner, ottoman - and a lounge chair to complete the look. The base is chrome-plated steel with plastic glides. Link fittings are included for connecting modules.
