

GINKGO [ging-kOH]

MANUFACTURER: Blå Station | DESIGNER: Stone Designs

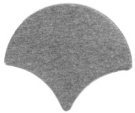

Eloquently absorb sound with Ginkgo. Resembling the distinct fan shape of its namesake, the Ginkgo acoustical panels provide a functional work of art. With an NRC rating of 0.75, Ginkgo tiles create a well-balanced, tranquil space. Elevate the workplace with colorful wool-covered panels, or tone down the waiting room lobby with soft, natural shades of neutrals. Eco-friendly, the polyester-formed panels are 50% recycled plastic (PET), and the product is 100% recyclable. Ginkgo panels have a magnetic backing. Hemp colorway option - 70% PET recycled plastic and 30% natural hemp fiber.
