

KITE

MANUFACTURER: TreCe | DESIGNER: Studio Doms

Kite is a modular recycling and waste management unit. The frame holds angles at 60°, 90°, and 120°, for placement in every corner. The shape allows multiple units to pair, creating new configurations to accommodate the needs of all interiors. Kite has a lacquered MDF top with varying-shaped openings and corresponding screen-printed symbols. White MDF tops come with black screen-printed symbols; anthracite MDF tops come with white. The steel frame comprises 20% recycled material and includes a moisture protection liner. The load capacity per unit is 154.32 lbs. Accessories include closure lids and locks.

Kite is eco-friendly. For sustainability certifications, refer to the [product page](#).
