

# MISS BUTTON

MANUFACTURER: Stolab | DESIGNER: Jonas Lindvall

Heart and history fastened with Miss Button. The stool was founded on tradition and inspired by history, as the beauty of the archetypal frame radiates through craftsmanship. The solid oak stool has an oversized round seat, soft edges, and elegant style. Generous in size, the slightly convex seat shape provides comfort and flexibility. Miss Button is available in dining, counter, or bar height with an oil, lacquer, or color wood finish.
