

# PATCH

**MANUFACTURER:** Materia | **DESIGNER:** Axel Bjurström and Mia Cullin

Patch is an upcycled, environmentally conscious design. What makes this stool special is its manufacturing process. The seat comprises three parts which are individually upholstered in fabric remnants from the production process. Each piece in the three-part stool has a different fabric, all within a specific spectrum of color. Patch has a stackable tubular steel frame. The seat has molded foam padding and is offered in seven different color scales within various hues.

Patch is eco-friendly. For sustainability certifications, refer to the [product page](#).
