

COFFEE SHOP, NEW YORK

"We chose the Åhus chairs for this project because they feature the perfect integrated 'side table' and perch for a cup of coffee. Being in a coffee shop that prides itself on lack of WiFi for web browsing, and urges the patrons to engage with each other rather than their computers, these chairs met the ethos and the aesthetics."

– Lisa Galano

Product: Åhus

Design Firm: Lisa Galano Design Consultancy

Location: Hungry Ghost, New York, NY
