

# YNGVE [ING-vEH]

MANUFACTURER: Stolab | DESIGNER: Marit Stigsdotter

Yngve provides sculptural flair to the mod coffee table. The design of the Yngve tables provides architectural interest to interior spaces. A nod to the 1950's era of design, the rounded triangular topped tables can stand alone or nestle together. One, two, or even three tables grouped create exciting shapes and an array of options. Yngve is offered at three different heights and three different sized tops and is available in solid oak or birch wood in various finishes and colors.
